The Post-Baccalaureate Diploma in Project Management builds upon the success and growth of the Post-Degree Diploma. This proposed two-year PBD in Project Management would be Co-op eligible offering our students greater experiential education opportunities.

The President questioned the rationale for the required CSIS courses and suggested that the course offerings should include other subject matters. J. Valdez commented that a Finance course would be beneficial to students in this program.

M. Nicholson was appreciative of the presentation and commented on the enabling of students to participate in Co-op, as one year programs are not eligible. She is interested in pursuing this and sees the rationale from the student's perspective.
