## M: Course Objectives/Learning Outcomes

At the end of the course, the successful student should be able to:

- 1. examine the Canadian business system and its environment including the forms of business ownership and societal issues;
- 2. analyze the role of managers and their importance to the effective operation of any organization;
- 3. analyze the four functional areas of business: production, marketing, finance and personnel -- focusing on the major responsibilities of management;
- 4. examine the position of business in the broader context of society;
- 5. be able to identify some of the increasingly rapid changes that may be expected in our society.
